INTRODUCTION

The Lord of the church has given his body a variety of gifts and roles “for the perfecting of the saints, for the work of the ministry, for the edifying of the body of Christ” (Eph. 4:12). This verse contains a three-fold directive for every born again follower of Christ. As saints, we are called to move toward and into the ongoing work of sanctification and perfection in our own lives. As Christ works in us, we become His hands and feet continuing the ministry of redemption which He initiated before mankind ever needed redemption. Finally, since we are designed to function as a body and not an isolated ear or foot, we must band together as a body to build up and encourage our fellow pilgrims as we journey together.

At Sharon Mennonite Bible Institute, it is our vision to function as a support to churches and families as together we endeavor to see these directives fulfilled in our lives and the lives of our students. We have no desire to become another option in the smorgasbord of entertainment and diversion, but rather to be a dynamic tool that God can use to perform His work in and through each of us. We appreciate your support as we strive to perfect the saints, equip them for ministry, and build up the body of Christ.

- Clifford Schrock, Administrator

HISTORY

Sharon Mennonite Bible Institute began its ministry in 1977 by offering one six-week term of study. Through the following years it has grown to now offer five terms of study in Bible, Theology, Missions, Music, Language, History, and Practical Studies. The enrollment at SMBI has remained small by design to create the greatest openness for life-changing interaction between students and faculty. Both single and married students are housed on campus or in housing nearby.

COURSES OFFERED

BIBLICAL STUDIES

Christ in the Old Testament

3 hours

Bi - This course is a study of Christ (Jehovah) as veiled in the types and shadows of the Pentateuch. This study is a view of the beginnings of God's revelation process. A large portion of the course will be a study of the typology of Israel's journey, the tabernacle, and the law.

Genesis

3 hours

Bi - It is the seed plot of the Bible. Genesis is the key to understanding the basic questions such as the fall of man, redemption, judgment, faith, covenant, forgiveness, sacrifice and holy living.

Books of Moses

3 hours

Bi - "In the beginning God" are some of the most important words of the Bible. The Old Testament is the foundation of the New Testament and the Pentateuch is the foundation of the Old Testament. The approach of study will be historical and typological. We will focus on the promised coming Redeemer and the unfolding redemptive plan.

Joshua/Judges

1.5 hours

Bi - The spiritual ups and downs of the children of Israel parallels the spiritual lives of many today. The class will discuss the dynamics of revival and apostasy and the role of leadership in these conditions.

Ruth and Other Bible Women

3 hours

Bi - The first part of this class will explore the story of Ruth and the faith, love and character of the key people in the book. The second part of the class will develop lessons from some of the other women of the Bible.

Kings

3 hours

Bi - Course participants will find doctrine, reproof, correction, and instruction in righteousness as we explore God's recorded information about the rise and fall of Old Testament kings.

Ezra/Nehemiah

1.5 hours

Bi - We will look at the lives of these two men of God and how their leadership shaped the direction of the people they led. We will look at the historical aspects of their rebuilding and restoration in Israel and also make practical application for today in how to respond to roadblocks to restoration.

Esther/Job**3 hours**

Bi - Both of these books are historical accounts in story form. The story format reveals the practical interventions of God in everyday living. We will study the ways of God as He surprisingly uses evil to accomplish His purposes in us. Job in particular will be a study on suffering and how to minister to those in pain.

David/Joseph**3 hours**

Bi - These men are two of the clearest examples of Christ in the Old Testament. Their exemplary way of handling stress and rejection present a beautiful picture to Christians today.

Psalms**1.5 hours**

Bi - An understanding and appreciation of the Psalms will be attempted through a dual approach of surveying the whole book and studying specific settings, poetic forms, concepts and titles of God, and Psalmic quotations in the New Testament.

Wisdom Literature**3 hours**

Bi - We will learn to apply God's laws for true freedom and study God's map of the devil's minefield in order to determine how to destroy it. The course will also include looking at an enlarged snapshot of a materialist and the principles relating to fulfilling relationships.

Major Prophets**3 hours**

Bi - We will look at God's hand in dealing with His people before, during, and after their captivity to discover how this message relates to individuals in the church today. We will also discover what kind of individual is able to stand through apostate conditions. The fulfillment of God's judgments and promises inspires faith and hope.

Minor Prophets**1.5 hours**

Bi - Called "The Twelve" in the Hebrew Old Testament, these books point to the coming of the Lord. Their message is judgment for sin, yet hope for a better future. Special attention will be given to their message for the church today.

Old Testament Survey**3 hours**

Bi - In this course we will trace the redemptive thread from creation to the birth of Christ. We will see how God progressively revealed His redemptive plan through the law, poetry, and the prophets. We want to see God as the Designer of history. Each Old Testament book will be examined to determine its basic message, purpose, and its place in the historical and political setting of the Old Testament.

Sermon on the Mount**3 hours**

Bi - A course designed to guide students in developing inner character that meets God's approval and equips one to serve others. This study will attempt to explore the wealth of Christ's own description of what He wanted His followers to be and do.

Life of Christ**3 hours**

Bi - The approach to study this course is to harmonize the gospel accounts and to follow the life of Christ through His earthly pilgrimage. Christ is truly the Son of God and the Son of man. Being His disciple, then, means following Him in life.

Parables**3 hours**

Bi - Jesus, the master Teacher, used stories to illustrate His message. From seeking the lost to handling our money, these stories speak as profoundly to us today as they did in the times of Christ. We will look at the primary truth of each parable and how to apply that today.

John**3 hours**

Bi - The Gospel of John is simple enough for a child to understand yet profound enough to bring an adult to faith in Jesus Christ, the Son of God. Such subjects as pre-existence, incarnation, the Word, new birth, methods of evangelism, faith, identity and character of Christ, the ministry of the Holy Spirit, fellowship of the church in Christ, foot washing, and the suffering, death, and resurrection of Christ will be studied.

Acts**3 hours**

Bi - This is a study of the first century Christian church and missionary efforts. The study will include the challenge, methods, and successes of early Christian missions. This is a foundational course for all concerned about bringing the Gospel to a lost and dying world whether at home or abroad.

Romans**3 hours**

Bi - Romans is Paul's most comprehensive presentation of the glorious gospel of Jesus Christ. What is justification by faith? How are we to relate to authority, or to our weaker brother? How does one live by the Spirit? What is the believer's relationship to the Law? These are all questions that Paul answers in Romans.

I Corinthians**3 hours**

Bi - The church at Corinth: A young church, a struggling church, and a "problem" church. Can the answers given to them be answers for us today? Are the solutions "practical" for twentieth century churches? Is it Paul's word or God's Word? Let us exposit the book.

II Corinthians**3 hours**

Bi - Paul has already exhorted and instructed this struggling church concerning its problems. In II Corinthians, Paul rejoices in their response to the first letter, but also finds it necessary to defend his apostolic authority and ministry because of some who opposed him. Emphasis will be placed upon practical applications to present-day church life especially in the areas of church discipline, repentance, separation, New Testament principles of giving, and the ministry of reconciliation.

Galatians, Philippians, Colossians, Philemon**3 hours**

Bi - These epistles give practical teaching regarding the Christian life with Christ as the all-sufficient Head. Galatians warns against legalism, Colossians against ascetic practices, while Philippians encourages the Christian to be faithful to Christ.

Ephesians**3 hours**

Bi - This epistle alerts the Church to the tremendous calling that is hers from God and to the challenge of being faithful to that calling. The approach will be an in-depth study of each chapter as well as further expansion on such topics as predestination, faith and works, the role and beauty of the church, family roles, and spiritual warfare.

I, II Thessalonians**1.5 hours**

Bi - An in-depth study of these two early epistles reveals much about the structure of the Early Church. Paul corrects misconceptions about Christ's second coming and emphasizes being ready when Christ does come. Other topics covered include the reasons for suffering and Paul's financial policies.

I, II Timothy/Titus**1.5 hours**

Bi - These letters were written to young men responsible for spiritual leadership in the churches, but with instruction and application for all. What is the Church? How are leaders called? How can leaders lead effectively? We will search for answers to these questions and more. The inductive method of study will be the basic approach.

Hebrews**3 hours**

Bi - The book of Hebrews brings light and life to the Old Testament book of Leviticus. In this course we will seek to relate the “shadows” of the book of Leviticus with the “substance” of Hebrews. The approach of study will be basically expository. Some outstanding themes to observe are the superiority of Christ, the priesthood of Christ, the superiority of the New Covenant, the faithful saints of the past, the “let us” challenges, and more.

James**1.5 hours**

Bi - This course will be an in-depth study of the book of James. The emphasis will be on practical application of the truths taught in the book. A major subject will be the role of faith and works in the life of the believer.

I & II Peter**3 hours**

Bi - Peter’s style of writing is pastoral in nature. He spends time writing about foundational salvation issues from which practical holy living can naturally occur. Several different commentaries will be used as sources.

I, II, III John /Jude**1.5 hours**

Bi - This book is written to believers to bring them to a firm assurance of salvation. The blessings of forgiveness and the witness of the Holy Spirit in the believer’s heart are major themes. John also gives instructions on how to guard against false doctrine. Jude warns against apostasy and challenges the believers to keep the faith.

Revelation**3 hours**

Bi - There is a blessing to those who read the book of Revelation. Effort will be made to study the structure and message of this last book of the Bible to prepare us for these last days. The approach will be premillennial interpretation of the visions of the apostle John.

New Testament Survey**3 hours**

Bi - The New Testament is worthy to be studied in many different ways. We would like to answer questions such as: “How was the New Testament canon formed?” “What can I learn from the character of the New Testament writers?” “How can I get beyond the mechanics of a survey study and experience the power of the Source?” “What cultures did the New Testament writings penetrate?” But, best of all, we would see that the New Testament bears witness that Jesus is the Christ, the Almighty, who will soon return.

EVANGELISM STUDIES**Gospel and Culture****3 hours**

Ev. - This course begins with asking the question: What is our message? What is the gospel? Then culture and anthropology will be studied in light of the Bible. Finally, the course will examine the task of planting indigenous churches in areas of differing cultures and languages. Our Anabaptist heritage and beliefs will be evaluated from a Biblical perspective in light of cross-cultural missions. What are the methods and strategies needed to plant a disciplined Biblical Anabaptist church in the twenty-first century?

Muslim Evangelism**3 hours**

Ev - This is a course designed for those working or interested in working with Muslim people. The emphasis will be to gain a basic knowledge of Muslim beliefs, history, and cultural practices in order to be able to focus and adapt our message and approach. The Anabaptist heritage has the answers for the many Muslims seeking for a disciplined faith.

Issues in Anabaptist Missions**3 hours**

Ev - This course begins with examining the missionary strategies of Paul in the book of Acts. Then the successes and the failures of Anabaptist missions from 1525 to the present will be studied. The New Testament model will be compared to the spirit of an “evangelical fundamental” church and an Anabaptist church. The focus of this course will be on issues related to the Anabaptist heritage: how these have been dealt with in the past and how to effectively deal with them in the future.

Lives of Great Christians**3 hours**

Ev - There are few greater motivations than the exemplary lives of past ministers and missionaries. Their victories and defeats, obedience and disobedience provide a wealth of background to the struggles of making Christ known in our culture and around the world. Much of the course will involve reading testimonies about them.

Local Church Evangelism**1.5 hours**

Ev - The local church, whether in the U.S. or abroad, is the bride of Christ. This course will focus on outreach and evangelism in the local setting. Topics such as prayer and fasting, witnessing, and discipleship will be discussed. Opportunity will be given for outreach in the local area.

Missiology**3 hours**

Ev - This course examines the biblical basis for missions. The Bible is a missionary book from Genesis to Revelation. Some topics studied will be the missionary call, women in missions, Paul’s methods, finances, developing a biblical theology of missions, and practical aspects of a missionary’s daily life. A survey of missions in church history will be discussed.

Personal Evangelism**3 hours**

Ev - The purpose of this study is to plant and grow in the lives of our students a passion for sharing their faith. According to studies, only 2% of believers actually share their faith on a regular basis. As conservative Anabaptists, we have a unique responsibility and opportunity to do so. As good stewards, it is imperative that we pass on the faith as it has been given to us. The class will include personal preparation and training, practice witnessing sessions and class events where we flesh out the concepts we discuss in class in real time.

Urban Evangelism**3 hours**

Ev - This course will compare the urban “mind set” to the rural “mind set”. Steps that conservative, rural Anabaptists must take in order to evangelize urban dwellers will be explored. Students will gain an appreciation for urban dwellers, missionaries, and missions. The course is designed to create a desire to serve the Lord in cities.

HISTORICAL STUDIES**Anabaptist History & Theology****3 hours**

Hi - This course is an analytical study of the first two centuries of Anabaptist history and theology with a goal to grasp the essential and distinctive beliefs of the Anabaptists which set them apart from Roman Catholicism and Protestantism with reflection on the relevance of this heritage for contemporary doctrinal, congregational, and personal life. We will become acquainted with major events, personalities, teachings, and practices which shaped the Anabaptist movement. The course aims to provide a framework for making wise decisions in our own time.

Biblical Cultural Foundations**3 hours**

Hi - The scriptures are a treasure chest of historical insight and cultural references. We will discover the ancient cultures and explore the scriptures in their cultural context with an emphasis on the Greek, Roman, and Jewish cultures of the New Testament.

Early Church History (100-1517)**3 hours**

Hi - The objective of this course is to study the history of the Christian church from its beginnings up until the reformation BC 6-AD 1517. We will cover a broad range of history, movements, individuals, literature and issues in the church with a combination of lectures, discussions and homework assignments. A major goal of every class session is to explore. "How does the history of the early church effect who we are today?"

Mennonites in America**1.5 hours**

Hi - Since the 1700's a large part of the Mennonite story has been lived out on North American soil. This course will examine the Mennonite experience relating culture, education and church growth to an ever-more secular American society.

Modern Church History**3 hours**

Hi - This course begins with the momentous events of the Reformation and proceeds to explore the development of men, movements, and ideas from the Reformation to the present. The Great Awakenings and revival movements are part of this study.

Reformation Studies**3 hours**

Hi - A study of the men who were influential in starting the Reformation. This course will give the student a working knowledge of the theology of the reformers and how that theology affected the world in which the reformers lived.

LANGUAGE STUDIES**Introduction to Biblical Hebrew****3 hours**

La - This course introduces the student to the original language of the Old Testament. While serving as an introduction to Hebrew grammar and pronunciation, emphasis will also be placed in actual speaking in class through dialog memorization. In the space of six weeks, the dedicated student should be able to recognize and understand nearly 700 word forms when heard within context. Tools will also be given for successful and meaningful continued self-study.

New Testament Greek I**3 hours**

La - A continuation of Greek I with more study of the grammar of the language. It will be necessary to have taken Greek I or its equivalent. Emphasis in this course will be placed on practical application and usage of the Greek language in Bible study. New Testament Greek II will be very worthwhile in helping to retain what is learned in Greek I.

Spanish I

3 hours

La - A beginner's course designed to lead the student in a rapid ability to pronounce Spanish correctly, engage in everyday conversation, and to read simple Spanish text. There is a daily building on the vocabulary, conversation, and grammar learned each day. Students learn Spanish songs and key Scripture verses. This course is for those interested in the challenge of witnessing to Hispanics in the U.S. or abroad; or simply enjoy the challenge of learning one of the easiest but most beautiful of all languages.

ACADEMIC INFORMATION

Courses

Current class schedules, course descriptions, and major headings are listed in this course catalog and are subject to revision at anytime.

Changes of Courses

Course changes must be made before the third day of classes.

Study Hours and Audits

Credit (in study hours) will be granted upon satisfactory completion of course requirements established by the instructor and in accordance with course standards. Eight hundred and eighty minutes of class time equals one study hour. Course study hours are based on semester hours using a sequence of five six-week terms per academic year. A normal academic load is six hours per term. Study hours can be transferred to or from SMBI dependent on the criteria of the sending or receiving academic institution.

Students may audit courses at will, but are encouraged to audit only so much as will allow appropriate time for concentration on courses taken for credit. If all requirements for credit are met by the auditor, he may receive credit at completion of the course. There will be an additional tuition charge for study hours earned beyond the normal load recommended in the catalog.

Class Absences and Tardiness

Excusable absences must be cleared with the instructor. Such absences will include illness, accident, funeral, or wedding in the family, or certain school responsibilities. Unexcused absences will lower the final grade 1 1/2 points per 90 minute class. Repeated tardiness may result in a lower grade.

Transfer of Study Hours

For specific information concerning transfer of study hours, please inquire at the SMBI office.

Withdrawal

A withdrawal from class after the time allotted for course changes will be recorded as incomplete (I). An (I) may be raised to a passing grade if the instructor's requirements are met in the time allotted by the faculty. If work is not completed in the allotted time, the (I) automatically becomes a failing grade.

GRADING

To receive credit for completing a course the student must have earned a grade of 70% or more. The student not achieving a grade of at least 70% will not receive credit for the particular course, but may repeat the course in a later term.

Letter grades usually reflect standings relative to other students rather than individual advancement of competence. Therefore, letter grades are assigned by the Registrar only when necessary for purposes of transfer to another school. Grades upon completion and payment of each term are given as a percentage grade. They correspond with letter grades as follows:

100 - A	89 - B	79 - C-
99 - A	88 - B-	78 - C-
98 - A	87 - B-	77 - D+
97 - A	86 - B-	76 - D+

STUDENT HANDBOOK

This handbook is your guide to a fruitful experience at SMBI.

MESSAGE FROM THE BOARD

Sharon Mennonite Bible Institute extends a welcome to you to participate in a systematic study of the Bible and subjects relevant to Christian service. Our desire is to see believers like yourself come to a practical and meaningful understanding of Scriptures for the work God has called them to do in our present world. The Institute can provide the atmosphere a person needs for concentration on the study of God's Word and for the fulfillment of the command to "*Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth*" (II Tim. 2:15).

The Institute strives to help its students use the Bible as a filter for every aspect of life. We make every decision on the basis of either the standards of the world or the standards of the God of the Universe. Unless we view the issues of life the way God views them, we will not be able to accomplish all that He would have us accomplish for the heavenly kingdom. Christian parents, missionaries, teachers, pastors, and Christian workers have a great responsibility to be a clear light in a dark world of sin. Unless we use the filter of God's Word, there will be personal consequences and a muddling of our Christian testimony.

Come for a time of spiritual refreshment and enhancement. If money is a hindrance, remember that money gained and spent for our own physical comfort means nothing in comparison with Biblical principles and wisdom gained and used for the salvation of souls. May our desire be to continue growing in the grace and knowledge of our Lord and Saviour Jesus Christ.

STATEMENT OF DOCTRINE

Inspiration of Scripture

We believe that the entire Bible is inspired by the Holy Spirit; that it is inerrant in the original writings, authentic in its matter, authoritative in its counsels; that it is the final authority for faith and practice for all men of all ages and is the standard by which all men shall be judged.

God—His Existence and Nature

We believe in one God, who is omnipresent, omniscient, omnipotent, infinitely perfect and eternally existent in three persons: Father, Son, and Holy Spirit.

Creation

We believe in God as Creator and Sustainer of all things; we accept the Genesis account of creation as authentic.

Fall of Man

We believe that man was created in the likeness and image of God and by disobedience brought depravity and death upon humanity; thus, he is under the power of Satan and unable to save himself.

Jesus Christ and Redemption

We believe in Jesus Christ as the eternal Son of God, born of a Virgin: that He is the perfect Lamb of God, who died and shed His blood to make atonement for the sins of man and arose for our justification, that through repentance and faith we might be saved.

The Person and Work of the Holy Spirit

We believe in the deity and personality of the Holy Spirit; that He convicts of sin, effects the new birth, gives guidance in life, empowers for service, and enables perseverance in faith and holiness.

The Institution of the Church

We believe that the Church is the body of Christ, a brotherhood of the redeemed, a disciplined people, obedient to the Word of God; that Christ commissioned her to go into all the world to make disciples of all men and minister to human need.

Satan-His Person and Work

We believe that Satan is the personal enemy of God, that he appears as an angel of light to deceive men, and that he is the unseen force at work in men, promoting evil and creating perilous times as the age draws to a close.

New Testament Ordinances

We believe that the New Testament ordinances are for the Christian; that baptism be administered upon confession of faith; that communion be observed as a memorial of Christ's death; that feet washing be observed literally by the saints; that the holy kiss be practiced as an expression of Christian love; that the Christian woman be veiled; that anointing of oil be administered to the sick for healing to those who call for it in faith; and that marriage be the union of one man and one woman for life with Christians marrying "only in the Lord".

The Christian's Relation to Society

We believe that the state is ordained of God to maintain order in society; that it is the Christian's duty to honor and pray for those in authority; that Christ's disciples are to refrain from carnal force and violence in human relations and that Christians are to show love to all men.

Return of Christ

We believe in the literal return of Christ to receive the righteous unto Himself and that He will judge the world in righteousness and bring to fulfillment the restitution of all things unto God.

The Final Consummation

We believe in a place of eternal punishment for the devil, his angels and the unrighteous, and that God has prepared a place for the righteous in His presence to enjoy His fullness and glory eternally.

PURPOSE

The purpose of Sharon Mennonite Bible Institute is to glorify God and expand His kingdom through teaching God's truth.

Our ministry is to:

- Build a loyal relationship with God through the integrating of theology and doctrine into personal life.
- Offer systematic study of the truth of God's Word and related subject matter as a supplement to the teaching of God's Word in the local church.
- Equip students for productive Christian life and leadership at home, in the local church and abroad.

The controlling vision of the institute is:

- Consistently exemplify and teach holiness for individuals and the church as a body.
- Faithfully promote a love for God, the lordship of Christ, and loving our neighbor as ourselves.
- Continue the biblical heritage of the New Testament faith as Anabaptists.

The goal of the institute is that each member of the organization:

- Walk in a living relationship with the Master Teacher.
- Live in brotherhood oriented relationships.
- Relate to staff, students, churches and critics with respect.
- Exercise ministry to the whole man in spirit, soul and body.
- Use gifts in openness and humility and allow others to do the same.
- Offer encouragement and support to all.

ETHICS POLICY SUMMARY

Note: The full ethics policy is included in the SMBI staff manual and is available at the SMBI office for review at any time.

SMBI is committed to upholding the highest standards of ethical, moral, and legal conduct. Consistent with this commitment, the SMBI ethics policy provides direction designed to promote and protect the moral integrity of all associated with the institute. It also provides policy direction and procedures when there is a breakdown of moral integrity, whether it occurs inside or outside of the organization, or is a student or member of staff.

Included in the policy is a summary of PA law related to the mandatory reporting of child sexual abuse. This is a serious issue and of significant concern to the Association of SMBI. Although the programs of the institute seldom involve children, we still desire to promote awareness, and we still desire to follow applicable laws.

To assist in maintaining and promoting the integrity of all associated with the institute, SMBI has an established ethics committee to which any ethical concerns may be reported for investigation and review. Any individual may submit an Ethics Concern Report to the ethics committee. These reports may address concerns involving staff or students and should report, but is not limited to, sexual abuse, physical abuse, emotional abuse, verbal abuse, self-abuse (such as cutting, anorexia, bulimia, substance abuse, or other damaging addictions), internet usage, or other concerns about faculty or staff that would compromise their ability to fulfill their assigned responsibilities.

SMBI and the ethics committee will endeavor to communicate concerns with church leaders and parents when an ethics report has been filed. The organization will pursue all means possible for personal growth, repentance, and healing as is appropriate to the concern.

SMBI is not only concerned about dealing with ethical issues after the fact. The ethics policies of the institute also implement procedures to help prevent moral failure before it happens. To that end, the policy includes directives for cross-gender relationships and counseling. There is a Child Protection Awareness Statement to address the occasions when there are children on campus. Finally, there is a section providing guidelines for internet access on campus.

Ultimately, the Association of SMBI recognizes that no ethics policy is sufficient to create actual integrity. True integrity is a matter of the heart and is a personal responsibility of every staff member, student, church leader, and parent. It is a work of the Holy Spirit which these policies are in no way intended to minimize or replace. May all work together for the perfecting of the saints, for the work of the ministry, for the edifying of the body of Christ.

Cell phones shall be used respectfully and at appropriate times. Internet is not to be accessed on campus except as specified below. Laptops are permitted.

Our internet policies are designed to carve out a quiet space amid the noise of the digital age. Several computers are available for student use. Internet services are available using library computers or campus wi-fi which provides limited and filtered access. Therefore, to minimize distractions, data usage should be through the provided access points when possible rather than using personal data. In any case, the intent of the data policies is for research, personal communication, and "essential" services such as banking. Specifically excluded are all social media platforms such as Instagram, Snapchat, and Be Real. Use of any and all apps should be consistent with the intended quiet zone. Above all, no policy, filter, or limitation is sufficient to create actual integrity. Personal responsibility in content, time management, and other aspects of data use is essential.

PRAYER GROUPS meet on Wednesday mornings and become a unit of prayer and fellowship throughout the term.

DORM MEETINGS are held Tuesday evenings at 8:30 and give opportunity for prayer, Bible study, and sharing with the students.

MISSION INVOLVEMENT WEEKEND is a closed weekend for students in which they travel in numerous groups to various cities to assist missions in special evangelization projects.

SHARON SINGERS is a mixed chorus in which everyone is invited to participate. In the case of limited space on the bus, choir members will be chosen as per enrollment sequence.

THE ROSE is the annual yearbook designed by a core of students to capture memories of the year. Academic credit is available for a limited number who assist in this project.

STUDENT COUNCIL is a student-selected group who represent the student voice to faculty and staff. They also prepare the student chapel for each Friday and the final banquet of each term. The student council exists to provide the faculty with knowledge of student concerns and problems. Students should express their concerns to members of the student council, deans, or faculty.

SATURDAY EVENING COMMITTEE is responsible to plan for suitable recreation for students and visitors each Friday or Saturday evening of the term.

GENERAL INFORMATION

Fire Regulations

In case of fire, sound the alarm and notify the fire department. The number is posted on each phone. When alarm sounds, close windows and evacuate immediately. Leave the building at nearest exit away from fire. Dormitory supervisors shall be responsible to check all rooms to be sure they are vacated. Students should be aware of the location and how to use fire extinguishers. Anyone who deliberately turns in a false alarm or tampers with emergency equipment shall be subject to immediate dismissal.

Lost and Found Items

Label all personal belongings. Give unclaimed articles to the Dormitory Supervisor.

SPIRITUAL LIFE

Personal Devotions

Each student should maintain a personal devotional life. The Christian receives direction and strength for daily living through fellowship with the Lord. A daily quiet time of meditation and prayer is essential for Christian growth.

Chapel Services

Chapel services are held Monday through Friday. Faculty members and guest speakers will share in these services. Students also participate. Daily attendance is a requirement for students.

Christian Service Activities

Service activities such as literature distribution, institutional services, and cottage meetings will be arranged. There will also be opportunity to participate in Gospel teams, giving programs in various churches.

Sunday Services

Students shall regularly attend morning services at the SMBI chapel or area churches according to the term schedule. There will be opportunity for student participation. The Lord's Day shall be observed in a restful and relaxed manner avoiding strenuous recreation.

SOCIAL LIFE

Social life is considered one of the valuable aspects of an experience at SMBI.

The goal of SMBI is to promote spiritual growth and a commitment to the Lordship of Jesus Christ. This includes the internalization of the principles of Scripture to develop self-discipline and proper perspectives in the area of social life.

The emotional bonds that form during courtship can prevent wholesome group interaction from developing and also have the tendency of hindering concentrated Bible study. This bonding should be directed by the counsel of the fathers of the couple. Therefore, we ask that no dating (pursuing an interest in a person of the opposite gender by words, looks, talks, or events) commence while attending SMBI and that diligent effort be put into participating in group activities. If a couple has been courting previous to attending SMBI, they will be permitted one date per week upon the written consent of both fathers.

If a couple is engaged before they attend SMBI, several dates per week will be permitted.

The time and frequency of these dates shall not interfere with classroom activities, study time, or worship. Therefore, couple relationships are not permitted during school hours. The approval of the dormitory dean is to be secured before dating privileges are permitted.

DORMITORY LIFE

Dormitory Regulations

Housing facilities are provided and all students are encouraged to room in the dormitory. If it should be necessary for any student to live off campus, that student is expected to respect the school standards while on campus. Room and board expenses are listed in the Institute Course Catalog.

Much time while attending SMBI is spent meditating, studying, fellowshiping, and resting in the dormitory. For this reason students need to be respectful and considerate of the wishes, needs, and welfare of fellow students. The following regulations are given to provide the atmosphere necessary for this goal to be attained.

Students are expected to be in the dormitory by 9:30 p.m. Monday through Thursday, 10:30 p.m. Friday, 10:00 p.m. Saturday, and 9:30 p.m. on Sunday. Quiet time shall be from 10:00 p.m. to 10:30 p.m. Monday through Thursday. Students are expected to use this time for Bible study, prayer and meditation.

Lights shall be out by 10:30 p.m. Monday through Thursday, 11:30 p.m. Friday, 11:00 p.m. Saturday, and 10:30 p.m. Sunday. Dormitories shall be kept quiet from the beginning of quiet time until 6:30 a.m.

Rooms are to be kept neat and orderly. Students are responsible for any additional work assigned by the Dormitory Supervisor.

Musical instruments shall be used at the discretion of the Dormitory Supervisors. Electrical amplification of musical instruments shall not be permitted on campus.

Students are expected to attend the weekly dormitory meetings planned by the Dormitory Supervisors.

Before a student may leave campus he must sign the "out-in" register upon leaving and returning.

Any deviations from the above regulations must have the approval of the Dormitory Deans.

Personal Items

Students shall bring sheets, blankets, pillows, towels, wash cloths, clocks, etc. In addition to the above, students may wish to bring a mug, hand soap, small lamp, laundry detergent and softener. Each student will have a personal bulletin board and shelf to use.

GENERAL CONDUCT

All students are subject to SMBI standards upon arrival on campus. They shall be loyal to these standards during their time as students, both on and off campus.

Our bodies are the temples of the Holy Spirit (I Cor. 6:19); therefore, indulgence in tobacco, liquor, and drugs is forbidden. The student's speech shall be such as is profitable and edifying, avoiding all profanity or sensual joking. Attendance at commercial theaters, dances, and poolrooms is forbidden. Since the Institute provides recreation we request that students refrain from attending professional sports events, roller skating, bowling alleys, and the like.

Students shall respect school property. Any damage accidental or otherwise shall be promptly reported to the Administrator, and persons causing damage shall be responsible for the expenses involved. Firearms, ammunition, and explosives are not permitted on campus.

Students owning or operating automobiles shall exercise Christian courtesy and observe traffic laws. When automobiles are used for school functions, the owner will be responsible in the event of an accident. We suggest that students desiring transportation in another person's automobile should share in costs for mileage.

RECREATION

Because the Scriptures imply that one ought to maintain the body as the temple of the Holy Spirit and since physical fitness and well-being are conducive to mental concentration and comprehension, recreation is to be creative rather than competitive. For this reason all students will be encouraged to participate in a supervised recreational program.

The emphasis will be on personal development rather than competition. Our goal is to provide the students with good exercise so that they will experience relaxation rather than tension. The Institute will provide other recreational activities and equipment that may be used during "free time".

PERSONAL APPEARANCE

Outward appearance tells much about a person. Attire and conduct reveal one's character. Therefore, a student's appearance and attire shall be neat, clean, modest, simple, and appropriate.

In response to the commands of the Bible to be free from conformity to an ungodly world and its fleeting value system, we believe the wearing of the plain coat and cape dress is a practical approach to the problem of constantly changing and sensual patterns of personal appearance.

Students are expected to keep the standards of their home congregation as well as the standards of the Institute.

Sheer garments, loud colors, tight and form-fitting clothes, and jewelry shall not be worn. Sleeves shall cover at least three-fourths of the upper arm.

Brethren

Brethren are to keep their hair neat and well-trimmed, avoiding fads of the world. The hair shall not fall over the shirt collar or ears. Sideburns shall not extend below mid ear. Beards shall be consistent with home church standards. Further, mustaches may not be worn alone, and beards shall be worn as full beards.

For the sake of modesty, we require brethren to wear buttoned down dress shirts in all public life. Buttoned pull-over shirts with a collar may be worn for evening and weekend recreation time. All dress shirts shall be tucked into the trousers. All kinds of neckties are prohibited. The wearing of sweatpants is not allowed in public life.

Sisters

Christian women are not to cut their hair. The hair shall be put up and neatly arranged under a white, unadorned veiling (without lace) of adequate size to give expression to the Scriptural principle of headship. Adequate size is interpreted to be covered from the top of the head to the base of the hairline. The Women's Dean will have available a selection of veilings which are suitable to meet this standard. If you are accustomed to wearing a veiling of a different size or style, we would greatly appreciate if you would purchase an acceptable one before you arrive on campus.

Dresses for all activities are to be of one-piece type with sleeves, modestly tailored (without slits) and of sufficient length to cover the knees, both standing and sitting. They shall be designed to avoid emphasizing bodily form. We will be using the cape dress pattern for choral presentations.

Hosiery or socks shall be worn for all public occasions except evening and weekend recreation time. Short socks can be worn over hosiery for additional warmth and comfort.

Make-up such as lipstick, finger nail polish, eye shadow, etc., is not allowed.

There are additional requirements for the choir uniform. Please contact the office to order fabric and obtain the uniform requirements.

VISITORS

Visitors are welcome at the Institute both to visit relatives and friends and to observe the work of the Institute.

Visitors shall be mindful and considerate of the student's time so as not to affect their attendance in class and time required for study. They are expected to conform to the rules of social life and conduct while visiting at SMBI.

Visitors will be assigned rooms by the Lodging Coordinator. They are welcome to eat in the dining room. A nominal fee will be charged for lodging and meals.

This includes travelling with native CAM employees distributing food, clothing and Christian literature or holding evangelistic meetings. Students will likely take a several days long, dirty, scorching trip to the African interior in which you may be privileged to sleep in a native mud hut home and not only experience the challenges of primitive living but also the spiritual darkness and occult practices of a society ignorant of and disobedient to the things of God. Visiting orphanages and teaching at the week long Summer Bible School at Tower Hill (CAM base) is always a highlight and both activities provide many opportunities to interact with children. Ladies also spend time at the CAM base doing small projects such as painting, sewing or perhaps passing out CAM layette bundles at a clinic or hospital. Ft Lauderdale is a city of contrast. The homeless live in the shade of the super yachts. Bright sunlight can yield to torrential downpours and return with its full vengeance in 15 min. Many people come for a vacation in the sun while others come as refugees from places like Haiti or Cuba. In the middle of this contrast there is a spiritual one. While South Florida is a hot spot for financial crimes, corruption and human trafficking, the light of the gospel shines brightly in this great darkness.
